Important Disclosure

Data shown is historical performance for each share class and reflects reinvested distributions. With Max Sales Charge performance data includes the maximum 5% sales charge for Class A shares and the 1% CDSC for Class C shares. Class I shares do not impose a sales charge. Only eligible investors may purchase Class I shares, as described in the Prospectus. Investment return and principal value will vary so that you may have a gain or loss when you sell shares. Past performance does not guarantee future results; current performance may be higher or lower than data quoted. Large company stocks as a group could fall out of favor with the market and underperform investments that focus on small and mid-sized company stocks. Performance for Class C shares has been adjusted for the higher estimated expenses of those shares. Performance of the Class I shares prior to 3/17/06 is based on the performance of the Bramwell Focus Fund which had different expenses but substantially similar investment risks.
